

INSTALLATION STEPS

Preparation Tools (Not Included) :

Screwdriver Tape Measure Marker pen Level Ruler Electric Drill Hammer

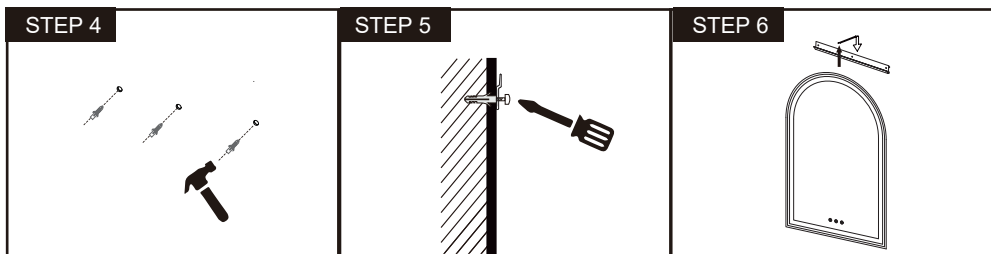

INSTALLATION STEPS:

STEP 1
Use a level ruler and tape measure to locate the position that needs to be suspended.

STEP 2
Place the wall-hanging bar in the hanging position and mark the hole with a marker pen.

STEP 3
Drill the holes at the marks.

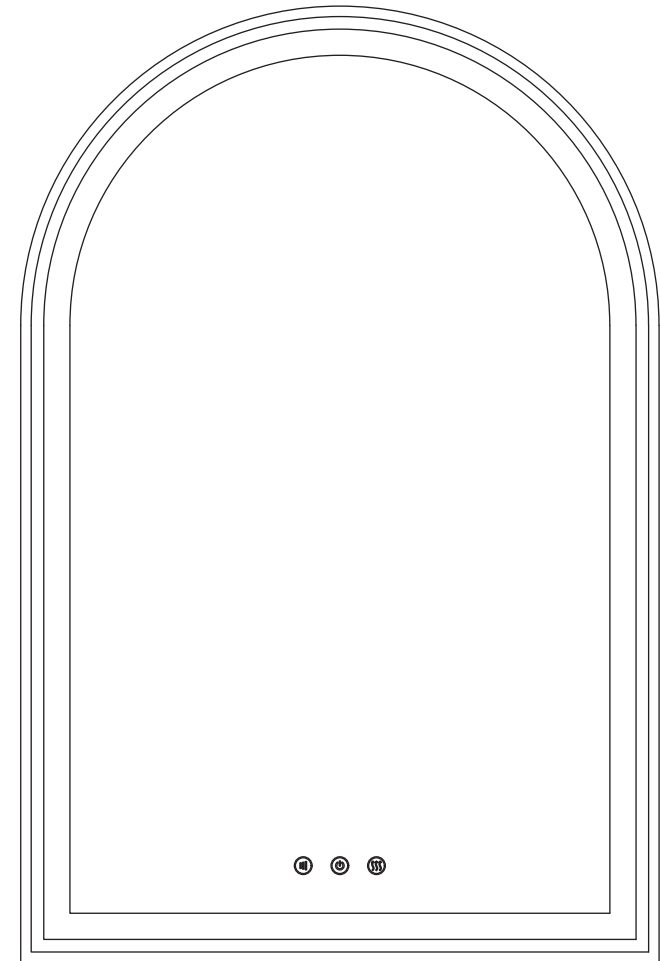

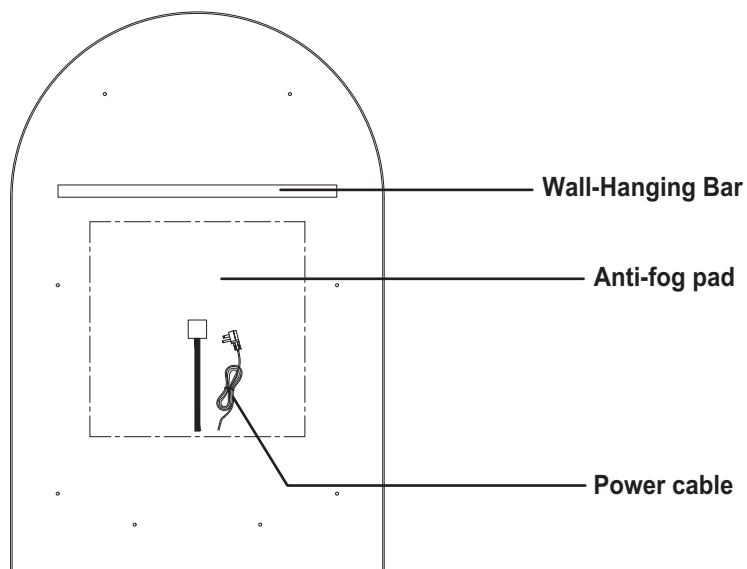

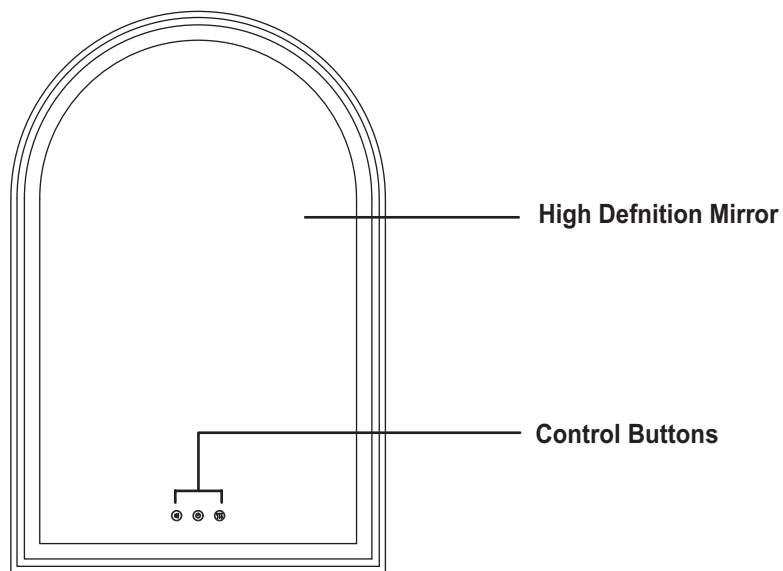

STEP 4
Use hammer to drive the expansion anchors into the hole on the wall.

STEP 5
Align the wall-hanging bar with the holes, and screwdrive the screws through the hole on the wall-hanging bar then into the expansion anchors.

STEP 6
Hang the mirror on the wall-hanging bar and adjust.
